... every match
is a final ...

LED display system "Sportlicht INDOOR P10 SMD"

A modern, full coloured LED video display provides information service at highest level. The splended text presentation and ideal colour blending, which is necessary for result service, is based upon:

- 10mm real (not virtual) pixel distance,
- SMD light-emitting diodes with red, green and blue LED's,
- ideal colour blending already at small viewing distance.

Normal use as multi-sport scoreboard as well as high quality colour graphics and advertising- or live video, all in outstanding quality with up to 50 Mio colours.

	4,9 m ²	7,4 m ²	11 m ²
Dimension:	2,56m x 1,92m	3,84m x 1,92m	3,84m x 2,88m
Power consumption:	max. 2 kW	max. 2,8 kW	max. 4,4 kW
Weight:	ca. 190 kg	ca. 280 kg	ca. 420 kg
Resolution:	256 x 192	384 x 192	384 x 288
Intensity:	2.000 cd / qm	2.000 cd / qm	2.000 cd / qm
Viewing angle:	140 degree	140 degree	140 degree

Match control software

The scoring software "SL-Match-Control" includes layouts for the scoreboard and operation according to the rules for the following sports:

- soccer
- handball
- volleyball
- basketball
- hockey
- tennis
- badminton
- icehockey
- and additional layouts for:
 - list of team players
 - scorers
 - result lists for tournaments

The scoring is made either only at the clear Windows software or optionally also remote controlled by a multi-sport control panel. The combination of a full matrix scoreboard and the pure PC solution for scoring creates for the first time complete liberty with respect to changes of rules and desired information on scoreboard. A reason out and flexible concept, which guarantees future security for each customer.

Universal information system

With the additional supplied user software for

- text
- graphic
- animation
- video/live

the display becomes a medium for universal information and advertising. It will also be used in every break or in other events. Text from MS-Word, every bitmap graphic, AVI-movies or also live video are controlled by a standard computer without extensiv video studio technology.

complete:

- LED video display "Sportlicht Indoor P10" - 4,9 m²
- Computer with software "SL-Match-Control"
- common user software for text, graphic and video
